You Asked, We Listened! NEW Disability Rider for On-the-Job Injuries. Since many of you do not receive Worker's Comp. benefits, this is a way to collect a weekly income if you are hurt at work+ **NEW GUARANTEED ISSUE WHOLE LIFE with no health questions**

Be sure to check your text messages and do not miss your chance to enroll!

Even though you are covered by health insurance, which pays some of your doctor and hospital charges, you should know that even the best medical coverage will not help you pay your own bills when you are sick or injured. Ask yourself how you would manage if something happened to you, or a family member and you were without your paycheck.

THIS IS WHERE COLONIAL CAN HELP YOU.

These plans provide you with cash dollars to help pay your additional expenses in the event of a serious accident or sickness. A few vital facts about Colonial health and accident plans:

- All plans pay cash directly to the policyholder, regardless of other insurance coverage or reimbursements.
- The plans are owned by you and are portable if you leave the union or retire.
